Bob: Consistent with the plan, I just sent out the complete package with all attachments minutes ago. Two emails with big files. Just got messages that transmissions to Sarah and Darrell failed. Did you receive?

Subject: Wallace Yard - Process for Finalizing Decree

Confidential Settlement Communication

Cliff and Sarah,

To confirm where we go from here on the CD, I understand that Cliff will be the point person for receiving all "final" documents for the CD, including the CD itself and its appendices. When Cliff has the complete package, he will circulate all of these documents electronically to me and Gail and Craig. Following our lightning fast review. we expect to be in a position to represent to you, hopefully on Monday if we get the complete package on that date, that we will recommend to our respective managements that they sign the Decree. Sarah will then file an unopposed motion to stay the litigation for thirty days so that we don't have to prepare a litigation plan or an answer. The parties will then send the CD and appendices promptly up their management chains and obtain signature on the CDs as soon as possible so that the U.S. can files it motion lodging the Consent Decree with the Court. The U.S. will announce the lodging of the Consent Decree in the Federal Register and provide a thirty [?] day period for public comment. Upon the close of the public comment period the U.S. will respond to any comments and if appropriate file a motion with the Court to enter the decree.

If this doesn't accurately reflect the next steps, let me know. Have a great weekend.

Bob
